**Faux Bois Floor Tile**

Mansion in Library, AKDO; [akdo.com](http://akdo.com) at Tile Showcase, Boston; [tileshowcase.com](http://tileshowcase.com).

“I love this faux bois trend in tile. It provides the practicality of a tile with the warmth and appeal of wood. I’ve imagined an elegant gentleman’s bath with serene grays and beiges. The black steel doors and dandelion chandelier add a sense of drama and sparkle. It is a welcome departure from the run-of-the-mill white Carrara.”
